SUMMARY

A full stack web developer with a background in graphic design and marketing, I've always liked the idea behind bringing life to static designs. My approach to coding centers around a smooth user experience and I enjoy the process of moving from design to implementation.

PROJECTS

Easy Ride
Working project for the Victoria Therapeutic Riding Association to manage users, horses, and bookings for rides, events, and lessons.
(React, Rails, Axios, Material UI, PostgreSQL)

Interview Scheduler
A single page web app that the user can create, edit and delete interview appointments
(React, HTML, CSS,Axios, PostgreSQL, Jest, Cypress, Storybook)

Tweeter
Single-page responsive Twitter clone (HTML, CSS, Javascript, AJAX, Node, Express)
